

NEW YORK CURB MARKET

Early Depression Is Overcome by Fresh Demand Due to Bullish Advices.

The cotton market rallied sharply after early depression yesterday, and in the late trading scored gains of 27 to 37 points, closing not far from its top at an advance over Thursday of 20 to 32 points. Early in the day the market was somewhat disturbed by the reported loss in negotiating the New East situation, and there was considerable disappointment among longs over the poor Liverpool cables. Due 10 1/2 to 12 1/2 points higher, Liverpool opened 10 1/2 to 12 1/2 points higher, and at the time of the local call was unchanged to 3 points lower.

Selling in the first hour here forced the list about 16 to 20 points lower, with local longs, the South and Liverpool offering freely for a time. Toward the end of the second hour there was a decided betterment in buying power, and the market soon recovered on Thursday's final bids. Private advices from Oklahoma reported that spot demand was the best for months. Weekly wholesale dry goods receipts were somewhat better than for the week ending Friday. Estimated the week's total sales of print cloths at 180,000 pieces, with prices up 1-1/2 to 2% of a cent a yard.

The less favorable Turkish news was offset to some extent by the letup in interior receipts and the generally firmer market for the actual in the South. Southern hedge pressure was somewhat relieved, and a settlement among the speculative element was influenced by the excellent showing of the stock market. The continued heavy export movement also was a bullish factor, about 28,000 bales going out of this country.

TURKISH ATTITUDE CAUSES RISE

Early-Lake Rates Hit Canadian Grain.

TURKISH ATTITUDE CAUSES RISE

Chicago, Oct. 6.—Although aspects of the Turkish crisis gave the wheat market an upturn at the opening today, buying power failed to broaden and prices declined under persistent selling, largely of a taking character.

TURKISH ATTITUDE CAUSES RISE

The close was unsettled at the same as yesterday's finish to 1c. lower, with December at \$1.04 1/2 and May at \$1.03 1/2. The market was 1 1/4 to 1 1/2 c. higher, and provisions finished at 5c. to 6c. advance.

TURKISH ATTITUDE CAUSES RISE

What that wheat had been on the upgrade for four days and that the foreign outlook, although disturbing, was still asserted to be for peace had much to do with the enlarged selling and the lack of aggressive new demand.

TURKISH ATTITUDE CAUSES RISE

On the other hand, domestic milling call for wheat was said to have improved in many sections, and exporters were bidding to higher on what ready to ship. The Eastern seaboard, however, sent word that exporters there were reluctant to offer a 2 1/2 cent spread because of uncertainty of obtaining supplies.

TURKISH ATTITUDE CAUSES RISE

Corn was weak from the start. Talk of Argentine competition in export business handicapped the bulls. Exports were strengthened by comparative absence of rural offerings.
